ATTENTION HORSEMEN PARTICIPATING AT COLONIAL DOWNS

Horse racing with Pari-mutuel wagering will be returning to Colonial Downs. All participants will need to be licensed by the Virginia Racing Commission before they will be able to race. Instructions for obtaining a license are below. In addition, license fees have been reduced from $50 to $25 for owners, trainers, and jockeys and the fees for grooms have also been reduced from $25 to $10. Please send in your application as soon as possible to avoid delays in processing.

The easiest way to obtain a license is by going to the Virginia Racing Commission’s website at www.vrc.virginia.gov and clicking on “Virginia Racing License” in the upper left hand side of the home page. You will then see a list of documents including the “Racing Application for Participants”, “General Application Instructions”, “Fee Schedule” and “Credit Card Verification Form”. Simply print out the application and complete it by referring to the fee schedule and general instructions. Once the application is completed, signed and dated you may either mail it along with the appropriate payment to 5707 Huntsman Road, Suite 201-B, Richmond, VA 23250 or scan the application and e-mail it to VRCLicense@vrc.virginia.gov. Please contact Rhonda Davis at (804) 966-7415 with any questions or concerns. The VRC appreciates your support of Virginia’s Horse Racing Industry.

Bisphosphonates may only be used in horses four (4) years of age and older who have been diagnosed with navicular disease by a veterinarian and for whom the use of such drugs is warranted. Violators of this prohibition will face the penalties for a Class 1, Penalty Class A violation.

PULSED ELECTROMAGNETIC FIELD THERAPY (PEMFT) AND SHOCKWAVE THERAPY

All Steeplechase entries and nominations close with Bill Gallo, NSA Director of Racing (443)-553-1882

No horse may appear in two races on the same overnight.

A horse which is in the body of the race will not be permitted to re-enter unless granted permission by the stewards.

11VAC10-110-180. SCRATCHES.

For flat racing, a horse may be withdrawn from or “scratched out” of a race after closing of entries under the following conditions:

1. Scratches shall be made in a manner prescribed by the racing secretary;

3. A horse may be scratched from a stakes race, futurity or other special event until 45 minutes before post time for the race for any reason;
4. No horse may be scratched from an overnight race without the approval of the stewards;
5. In making a determination on whether to permit a horse to be scratched from an overnight race, the stewards may require a report from a veterinarian, who possesses a permit issued by the commission, attesting to the physical condition of the horse;
6. Scratches, once approved by the stewards, are irrevocable; and
7. Any horse that has been scratched or excused from starting by the stewards because of a
   physical disability or sickness shall not be permitted to race again until the horse has been
   removed from the Veterinarian’s List by the commission veterinarian and the expiration of six
   (6) calendar days following the day on which such horse was scratched or excused.

DATE PREFERENCE SYSTEM

(1) All horses intended for racing at Colonial Downs will be assigned preference dates by the Racing Secretary. Turf and Dirt Dates will be kept separately. Dates assigned will be of four types with the following order of preference:

E-0 Date. All horses’ foal papers must be on file with the Racing Office on or before Friday, August 2, 2019 to receive an E-0 date.
E Date. This date corresponds to the day of the races entered if a horse is excluded from a race that appears on the overnight; or when a horse’s foal papers are submitted to the horse identifier.

*To receive a 0 Date Foal Papers must be submitted to the Racing Office by Friday, August 2, 2019.

R-Date. This date corresponds to the day of a horse’s most recent race at Colonial Downs.
S-Date. This date corresponds to the day a horse is scratched from an overnight race.

(2) Preference dates remain the same regardless of a change of ownership or trainer.
(3) Horses which have established a date at the current meeting will lose that preference date should their papers be drawn from the Racing Office or demonstrate intent to race elsewhere, and must re-establish a preference date.
(4) The draw of Stakes and Handicap races are not subject to the date preference rules.
(5) Date preference rules will not supersede race conditions or preference on any race as follows; condition eligibility, winners’ preference, Virginia Bred preference or any other race condition or preference written for any races.
(6) Winners are preferred in all non maiden races.
(7) Preference will be given in order of assigned preference dates, earliest dates being first. Second part of same owner entries cannot exclude a single interest with the exception of Stakes Races.
(8) Maidens entering in winners races shall not receive a date unless they run.

Horses owned wholly or in part by the same owner shall run as separate wagering interests in any one race, and horses trained by the same trainer, but owned separately, shall race as separate wagering interests.

RMTC APPROVED CONTROLLED THERAPEUTIC MEDICATIONS

WARNING: The information on the Racing Medication and Testing Consortium Therapeutic Medications List does not constitute and is not a guarantee, warranty or assurance that the use of any of the therapeutic medications at the dosage and withdrawal time listed will not result in a positive post-race test. The Racing Medication and Testing Consortium is not responsible for results differing in any way from those herein.

Use of this document and its information does not lessen or relieve any trainer’s responsibility for affirming that, during a horse race, a horse is free of any therapeutic medication listed in his or her state’s racing commission rulebook, and for complying with provisions of the state racing commission’s regulations.

Owners, trainers or any other persons responsible for the care of a racehorse are strongly advised to consult a veterinarian and the state racing commission regulatory veterinarian for guidance and advice on the use and withdrawal times of all therapeutic medications, as testing methodologies may change with little or no notice. The guidelines provided in this document are not consistent with foreign regulations or laboratory methods.

PLEASE NOTE: These guidelines are based upon the administration of a single medication. Combining medications may significantly affect withdrawal times.

^1 Note: Withdrawal Guidelines are for informational purposes only. They do not constitute a guarantee. Additionally, this guidance is based upon administration of a single medication – the combination of any of these medications or addition of other substances may substantially affect the withdrawal times.

^2 Note: Administration of albuterol other than via intra-nasal routes is not recommended. Use of therapeutic doses of oral albuterol even outside of the recommended withdrawal guidelines carries a substantial risk of exceeding the regulatory threshold.

^3 Note: Do not administer any avermectin drugs (including ivermectin) within 48 hours of a race if the horse has been administered cetirizine as it carries an increased risk of a concentration of cetirizine in excess of the regulatory threshold.

\(^4\) Note: Withdrawal Guidelines are for informational purposes only. They do not constitute a guarantee. Additionally, this guidance is based upon administration of a single medication – the combination of any of these medications or addition of other substances may substantially affect the withdrawal times.

\(^5\) An oral dose may be utilized but longer withdrawal time may be required to fall below the threshold. Trainers using methocarbamol orally for multiple days are encouraged to have the horse tested prior to entry.

\(^6\) Trainers using methylprednisolone acetate outside the administration parameters described are encouraged to have the horse tested prior to entry to confirm the horse tests below the 100 pg/ml threshold in plasma/serum. See, Mid-Atlantic recommendations for methylprednisolone acetate at: [http://www.mdhorsemen.com/images/PDF/MRCBooklet.pdf](http://www.mdhorsemen.com/images/PDF/MRCBooklet.pdf) (page 4).

\(^7\) Note: At the 100 mg experimental dose, the safe time for administration to fall below the 100 pg/mL threshold was 21 days – a smaller dose may be utilized which may allow plasma concentrations to fall below the threshold in fewer than 21 days.

<sup>8</sup> Note: Withdrawal Guidelines are for informational purposes only. They do not constitute a guarantee. Additionally, this guidance is based upon administration of a single medication – the combination of any of these medications or addition of other substances may substantially affect the withdrawal times.

<sup>9</sup> This withdrawal guideline is based upon the historic prohibition on administration within 24 hours of racing. Please note that intravenous administration at a dose of 4 mg/kg at 24 hours before racing may result in some phenylbutazone concentrations that exceed the regulatory threshold.

<sup>10</sup> Requires: 1. Mandatory notification of procaine penicillin administration and 2. mandatory surveillance at the horse owner’s expense for 6 hours before racing. Contact your local racing jurisdiction for specific procedures.
